November 4th
10:00 AM - 11:00 AM

In attendance: Kojo, Dean, Sam

Topics of Discussion:
1. Look over current draft of Design Document/Website
2. Discuss required work to prepare for the second draft of the project plan

Meeting Minutes:
Today's meeting was geared towards reviewing the draft of the design document completed prior to meeting, and designating work which would need to be done in the last half-week or so before the deadline of the first draft.
- DESIGN DOCUMENT DUE: Tuesday 11/8
- Things that still need to be done to complete the design document:
  - Add associated graphics
    - Block Diagram
    - SWOT?
  - Make style consistent
  - Add references/appendix
    - Add inline references to document
- Things that still need to be done to complete the website:
  - Add team profiles
  - Host team files on webpage
    - Meeting minutes
    - Weekly reports
- Things to do outside of design doc / website
  - Parts list So Far:
    - At least 2 Raspberry pi 3 modules
    - 2 Liberium LoRa transmission modules
      - https://www.cooking-hacks.com/sx1272-lora-module-for-arduino-raspberry-pi-intel-galileo-868-mhz
    - Sensors?
      - Temperature
      - Humidity
      - Accelerometer/Gyroscope
      - Battery life?
    - Quadcopter?
